

Exercises: Week 4

Introductory Programming 2020

This week we continue with Chapter 4 and hence will still use `music-organizer-v1` from the previous week. Use this file also for exercises 4.25 and 4.26, even though the book indicates using `music-organizer-3`.

Exercises

When solving these exercises, open the file `MusicOrganizer` provided on LearnIT.

4.19, 4.20, 4.21, 4.24, 4.25, 4.26

While-loop exercises. For coding use the `Main` class or create a class of your own.

4.29 - 4.33

When solving these exercises, open the file `Auction`

4.47, 4.48

When solving this exercise, open the folder `music-organizer-v5`¹

4.45 (Challenge exercise)

When solving this exercise, open the file `Club`

4.55

¹If `MusicPlayer.java` cannot compile due to the `javazoom` import, change the name of the `+libs` folder to `lib`.
